REMARKS

The specification and Claims 19 and 21 have been amended to correct minor typographical errors and to recite proper language. The amendments are further supported by the German priority application, 100 65 177.1, filed December 23, 2000.

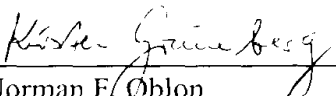

No new matter is believed to have been added by entry of this amendment. Entry and favorable reconsideration are respectfully requested.

Upon entry of this amendment Claims 1-21 will now be active in this application.

Applicants submit that the present application is now in condition for examination on the merits and early notice of such action is earnestly solicited.

Respectfully submitted,
